Fire Prevention and Code Enforcement

District No. 1 Advance Life Support Ambulance

Provides first responder emergency medical service with automatic

External defibrillators (AED) on the ambulances and pumper truck

Hazardous Material Response

Special Rescue

Rope Rescue

Ice Rescue

Dive Team

June 2012

#### Citizens of Fire District No. 1:

The Prudential Committee of Fire District No. 1 is pleased to submit its report for the fiscal year ending June 30, 2012.

Fire Department personnel responded to 722 fire-related calls for service, up from 444 calls last year. Major incidents during the year include Hurricane Irene in August 2011 and the "Halloween Nor'easter" snowstorm on the last weekend of October 2011, both significant events requiring emergency services support from District personnel. We also responded to requests from South Hadley Fire District No. 2 and the City of Holyoke under our mutual aid agreements.

The loss of electrical power during the Halloween storm uncovered the fact that the fire station's emergency power generator did not have sufficient capacity to keep the station fully functional during an extended power outage. We have undertaken a study on what it will take to upgrade this backup power system. We will investigate the replacement of this generator next fiscal year.

The ambulance services of Fire District No. 1 responded to 1,842 medical calls, up from 1,765 the previous year. We currently have three ambulances with ALS capabilities.

The District had some personnel changes during the year. We wish the best of luck to John Tomaszewski on his retirement. We also would like to welcome FF/Medic Evan Briant and FF/EMT Mitchell Mercier to full time duty, after serving faithfully as call firefighters.

FF/EMT James Beauregard has become badge No. 1.

We would like to thank representatives of the Holyoke Medical Center, Dr. Garry Bombardier, MD and Bob Moore, EMT-P who have assisted our ambulance service with their valuable insights and direction.

We thank the Firefighters of Fire District No. 1, for their professionalism in serving this fine community. We would also like to thank the Commissioners of the Water Department of Fire District No.1 and the Water Department's employees for their cooperation throughout the year.

Respectfully submitted,

Kevin E. Taugher

Raymond J. Miner

Gregory R. Sheehan

# AMBULANCE REPORT

The Ambulance Service for South Hadley Fire District No. 1 is proud to serve the citizens of the District, the Town of South Hadley, and the surrounding communities by providing both Basic Life Support (BLS) and Advanced Life Support (ALS) services to those in need. This year we responded to 1,842 calls for help; 1,464 of those patients were transported to area facilities and 1,127 of those transports were at the ALS level. The services we provide include administration of certain medications, use of advanced airway equipment, cardiac monitoring, blood glucose testing, IVs, spinal immobilization, case presentation assessment (vital signs), lift assists among others. We also provide training to the public through CPR and first aid classes and provide a blood pressure clinic at least once a month at South Hadley's Council on Aging.

Our personnel are qualified and certified to provide emergency care by competency-based training programs required by the Commonwealth of Massachusetts, the highest of which is the EMT-Paramedic Program. Our Medical Control (oversight committee) is provided by Dr. Garry Bombardier, MD and Emergency Preparedness Coordinator Robert Moore, EMT-P, of the Holyoke Medical Center. The EMTs at all levels provide pre-hospital emergency care to acutely ill or injured patients in the course of providing ambulance services, which are an extension of the hospital's Emergency Room.

In an effort to stay abreast of the continuous advancements in emergency medical services and to provide the best pre-hospital care to the public, we must regularly update our equipment and supplies. For this year, we were able to obtain some advanced equipment, including a third heart monitor, a power-assisted stretcher, and two Lucas machines which provide automatic compressions during CPR.

In recent years, our costs to maintain necessary supplies have about doubled. We do our best to maintain quality equipment and services to the taxpayers with minimal increases in our budget through efficient management. We are planning for the future by asking for some capital accounts in order to defray the costs of purchasing a new ambulance and other equipment, avoiding bonding costs where possible.

We would like to express our appreciation to the Fire District taxpayers for their continued support of our service and for the heartfelt expressions of gratitude we receive. We would like to further extend our appreciation to the staff of Fire District No. 1 for the excellent cooperation and support they provide. Finally, we would like to thank Fire District No. 2, the South Hadley Police Department and dispatchers, the Granby Fire Department, and all their respective employees for their positive attitude and dedication.

RESPECTFULLY SUBMITTED,

Kurt Schenker, Ambulance Director, Fire District No. 1

# REPORT OF THE

# Board of Water Commissioners

The Board of Water Commissioners of South Hadley Fire District No.1 respectfully submits the following annual report.

Within the past year, our crew has repaired seven water main breaks and four service leaks throughout the Distribution system. These leaks were discovered through our annual Leak detection survey and have been repaired. In addition to the repair work, seven new services have been connected to the distribution system.

As part of our determined commitment to improving the distribution system, our staff has replaced a total of 3,350 ft. of water main including fire hydrants and water services on two streets within the District. The first project included the replacement of 2,650 ft. of 12" and 8" A.C. pipe with a new 8" Ductile Iron water main on Tampa and Hollywood St. located between Hillside Ave. and Willimansett St. The second consisted of the replacement of 700 ft. of 8" A.C. pipe with 8" Ductile Iron water main on Carlton St. located between Prospect St. and Bardwell St. The new mains will ensure reliability of supply, improved water quality and fire protection. The Board is enthusiastic in recognizing the hard-working efforts of our staff installing the new water mains with in-house equipment. These efforts continue to allow the District to replace water mains throughout the distribution system at a significantly reduced cost with funds appropriated within our budget. Our commitment will continue as circumstances, funding and time permit.

In addition to installing water mains, we also contracted to have the exterior of the 1.5 million gallon water tank on Mulligan Dr. power washed in order to prevent the adhesion of mold and debris with the coating system.

We feel strongly that the Water Department – Fire District No.1 has been operated very efficiently by providing the residents with what they expect from a municipal department at the lowest possible cost. We would also like to extend our thanks to the Fire Department, Police Department, Fire District No. 2 and the Town Departments for their cooperation.

We are now fortunate to have our own website with historical, and frequently updated information about our Department, please visit our website at <a href="https://www.shdistrict1.org">www.shdistrict1.org</a>

Respectfully submitted,

William L. Schenker, Chairman David T. Daly, Clerk John A. Mikuszewski Assoc, Member

#### WATER DEPARTMENT – FIRE DISTRICT NO. 1

#### **RULES AND REGULATIONS**

The Department defines a "family unit" as being a separate and independent living quarter provided with a kitchen and toilet facility. A minimum charge is made for each "family unit". In addition, a water system improvement fee in the amount of \$1,200.00 is assessed for each new "family unit". The Department defines a "commercial unit" as any non "family unit" facility or structure using up to 10,000 cubic feet of water or any portion thereof per year. Each additional use of 10,000 cubic feet of water or any portion thereof by a non "family unit" facility or structure, within any 12 month period, shall be deemed an additional "commercial unit". A minimum charge is made for each "commercial unit". In addition, thereafter a water system improvement fee in the amount of \$1,200.00 is assessed for each new "commercial unit" used by a non-family unit facility or structure. It is the responsibility of the property owner to notify this department when a "family unit" or "commercial unit" has been added to the owner's property. Failure to comply with this regulation will be dealt with summarily according to law.

Water bills are rendered quarterly on first of month succeeding quarterly periods charged for, and bills are due when rendered. Water will be shut off for non-payment after 30 days, and may be shut off without further notice. A service charge of \$50.00 will be made before water will be turned on.

Failure of owner or consumer to receive a bill does not relieve them from obligation of payment, nor from consequences of its non-payment.

The owner of property supplied will be charged for all water furnished on the premises during his ownership. When ownership changes, the name and address of new owner should be given to the water dept. office at once, so that bills may be properly rendered.

When a meter fails to register the consumption, the quantity shall be estimated and the charge based on its registration for a corresponding prior quarter or period. All water passing through a meter will be charged for whether used or wasted

Your receipted bill will be mailed to you. Water bills may also be paid at the Peoples Savings Bank located on Newton Street and at Berkshire Bank on Lamb Street. When a check received as payment is denied or returned by any Bank an additional fee will be charged to the customer.

House Service connections from the street line to the meter are the property of the owner, and must be maintained by the owner. New water services from the main to the property line will be installed from April 1<sup>st</sup> through December 1<sup>st</sup> of each year.

No actual or potential cross-connection shall be maintained between the public water system of the Water Department, Fire District No. 1, South Hadley, MA (the "Department"), the water of which is used for internal domestic purposes, and a private water distribution system of any other source, well or otherwise, also used for internal domestic purposes, if said private water source is not approved by the Massachusetts Department of Environmental Protection (DEP) as being of safe and sanitary quality. The use of a private water source not approved by the DEP within an internal domestic plumbing system when that internal domestic plumbing system is also served by the public water source of the Department constitutes a potential cross-connection. If an actual or potential cross-connection exists, the Department requires that one of the sources, either the Department's public supply or the private source, be severed and capped from the common plumbing system.

The water meter is the property of the Water Department. The property owner must keep meter on his premises easily accessible for reading and servicing at all times. The Water Department reserves the right to read, inspect or service the meter at any time.

Anyone falsifying a meter reading or tampering with meter will be prosecuted. Permission must be obtained for any enclosure of meters and must be to our specifications.

All persons having boilers on their premises not fitted with check valves or other safety devices or not supplied through tanks, are notified that neither the District, nor the Water Commissioners of the Fire District, nor their agents or servants will be responsible for damages resulting from shutting off the water.

The Board of Water Commissioners, their Agents, or the Fire District reserves the right at all times to shut off water temporarily, without notice, for repairs, extensions, alterations, or other necessary work connected with the system; and for non-payment of bills, or for neglect or refusal to comply with the rules and regulations of the Board

Water is our most precious resource. Therefore, in the interest of conserving water, any and all new home, commercial and industrial construction and the addition of or alteration of any existing plumbing and/or sanitary fixtures to any existing structure must utilize water conserving fixtures, devices, facilities and outlets approved by this Department.

The Board of Water Commissioners may, when it deems appropriate, and must, when directed by its supplier of water or a governmental agency having authority over water usage, restrict water use by all customers or by class or type of user.

BOARD OF WATER COMMISSIONERS WATER DEPARTMENT–FIRE DISTRICT NO. 1

# THE COMMONWEALTH OF MASSACHUSETTS

# SOUTH HADLEY, MASSACHUSETTS

# FIRE DISTRICT NO. 1
