Discussion and Approval of Special Meeting Warrant

Bruce motions to approve the special meeting time and date and to post the three articles. Kurt seconds.

Kurt reads the articles for the special meeting:

Article 1: “I move that the district vote to appropriate the sum of \$410,000.00 for the new ambulance account and to meet said appropriation, transfer the sum of \$410,000.00 from the ambulance stabilization account to the new ambulance account.”

He explains that is for the new boat spoken about at previous meetings.

Article 3: “I move that the district vote to appropriate the sum of \$10,000.00 for the admin – legal account and to meet said appropriation, transfer the sum of \$10,00.00 from the fire reserve account to the admin – legal account.”

He explains that they are at the end of the budget, and they have not yet seen the June bill, so this is a precautionary measure.
